PARTIAL VIEW OF OUR RANGE OF GREENHOUSES

To Our Friends and Patrons:

With the advent of another planting season we present for your perusal our Annual Catalog for 1931, it being the fortieth edition of same. It offers the very best the world affords in flowering and ornamental plants for your home and garden. Only the most meritorious of each family of plants are grown.

THANK YOU—We take this means to thank the many patrons who favored us with their orders during the past season, and trust that the plants we supplied came fully up to expectations.

OREGON-GROWN PLANTS—We have prepared for this season's trade the usual large and fine stock of Oregon-grown plants, such as we have been sending our customers for years. The fact that we send out such fine, large healthy plants, which always reach their destination in a perfectly fresh condition, no doubt accounts for their popularity with flower-loving people in every nook and corner of the Pacific Northwest.

OUR ROSES—We have made the Rose our leading specialty for many years, always listing the best and most reliable sorts and adding each year the finest new kinds. The stock we supply is classed as No. 1 grade and must not be confounded with low grade plants offered at lower prices. Our Roses are noted for their fine root-system and strong clean vigorous growth. We offer only two-year-old field grown stock at quoted prices.

OUR PRICES—While it is true that we are not seeking a reputation for cheapness, we know that our prices are as low as good plants can be sold for and that no firm in our line of business is supplying stock equal to ours for less money.

METHOD OF SHIPMENT—As a rule small orders can be sent more economically by parcel post while orders for amounts over four dollars will go by express to better advantage. Two-year-old roses, shrubs and vines being quite heavy and bulky are usually sent by express at expense of purchaser.

PARCEL POST SHIPMENTS—Orders for small plants of all kinds will be sent by parcel post when requested by purchaser. Also small orders of larger plants when such is possible. It is quite obvious that our proximity to all points in Oregon, Washington and Idaho is a distinct advantage to us and our customers under the parcel post zone rates.

Many of the larger and higher priced plants are too bulky to send by parcel post. We reserve the right to send orders containing such by express at the expense of purchaser.

EXPRESS SHIPMENTS—We prefer this method of shipment in the case of orders for field-grown roses, shrubs, and roots, when such orders amount to \$4.00 and over. By this means we are also able to leave more earth on pot grown plants resulting in less disturbance of roots and therefore more satisfactory growth when replanted. When shipped by express the customer pays the transportation charges but because of the short distances to all points in the Pacific Northwest the cost is very reasonable.

CANADIAN ORDERS—Only seeds, bulbs and greenhouse grown plants can be sent by parcel post to Canada. Any other plants must go by express. Every Canadian order must be accompanied with an additional remittance of 25 cents on each dollar's worth of bulbs and plants ordered, if ordered sent by parcel post.

MISTAKES—We use great care in filling and packing orders but nevertheless mistakes may occur. Should any happen with your order kindly advise us at once and it will be rectified.

TERMS STRICTLY CASH—Every article in our catalogue is priced, therefore purchasers must know their cost when making out their order. The prices are fixed on a cash basis and as our customers for the most part are unknown to us and as we do not have a system of bookkeeping, our terms are strictly cash with the order.

OUR GUARANTEE—We guarantee all seeds, bulbs and plants true to name to the extent that we will replace any which may through error prove otherwise. We likewise guarantee safe delivery of all seeds, bulbs and plants.

COMPLAINTS—If any, must be made upon receipt of the goods, otherwise they cannot be considered.

REMITTANCES—Send money by bank draft, postoffice or express money-order. Personal checks on local banks only accepted when 10 cents is added for exchange. Postage stamps will be accepted for small amounts.

SMALL ORDERS—No plant orders filled for less amount than 50 cents.

OUR NURSERIES are situated at East 47th Street and 29th Avenue S. E. Autos should turn south at Division and 47th Street. Visitors welcome during business hours.

Address all orders and make money-orders payable to

QUEEN ALEXANDER

RAPTURE

GOLDEN OPHELIA

GENERAL McARTHUR

MODERN ROSES OF PROVED MERIT

Price, two-year-old plants, 75c each (except as noted).

American Beauty. Quick grower, constant bloomer, making magnificent buds and large bold flowers; color, rich rosy crimson, shaded and veined in the most charming manner.

Austrian Copper. A single-flowered rose of the June-flowering type. Rich, copper colored flowers in clusters. Much admired at the Portland Rose Show. \$1.00 each.

Baby Crimson Rambler. A polyantha or baby rose especially useful for bedding. Dwarf growing with clusters of small double crimson flowers in great profusion.

Baby Dorothy. Similar in habit of growth with the preceding but with clusters of small double bright pink flowers similar to Dorothy Perkins.

Captain Hayward. Deep glowing red flushed with crimson. Very strong growing. Hardy anywhere. Free blooming and sweetly scented.

Chateau des Clos Vougeat. Deep velvety crimson shaded with blackish maroon, in texture and finish as if cut from so much velvet.

Columbia. Bright rose pink of glistening freshness. Flowers of largest size and finest form produced freely on stout canes. Magnificent dark green mildew proof foliage.

Conrad F. Meyer. Large double cupped shaped silvery pink flowers. Very fragrant and lasting. Perfectly hardy anywhere.

Duchess of Wellington. Intense saffron yellow stained with rich crimson. Very large and of fine form. Beautiful in bud as well as open flower. One of the finest offerings of recent years.

Eldorado (Land of Gold). Deep golden yellow touched with scarlet at base of petals. Large full and very fragrant. A splendid American introduction.

Felicity. Brilliant rose-pink with cerise and yellow suffusions. Strong growing. Very free and continuous blooming. A most satisfactory garden rose that we have the honor of producing.

Frau Karl Druschki. Extraordinary strong growing and very hardy. Immense pure white flowers on long stout canes. The best known white sort.

General Jacquimenot. Well known for its hardiness and rich crimson buds and flowers.

General McArthur. Large crimson-scarlet flowers freely produced. One of the best of its color in existence. Popular everywhere.

Golden Emblem. Large golden yellow flowers on stout canes. One of the best yellow sorts.

Golden Ophelia. Bright yellow flowers on stout wiry stems. Not so large as some but its beautifully formed buds are without an equal. Splendid for cutting.

Golden Salmon. A new baby or polyantha rose with clusters of small semi-double flowers of a rich golden-orange color. A new departure in color of baby roses. \$1.00 each.

Gorgeous. Flowers very large and full and of exquisite form. Color orange yellow heavily veined with reddish copper.

Gruss an Teplitz. Fiery crimson with dark velvety sheen. Very fragrant. Rank growing and hardy. A mass of color all through the season.

Hadley. A fine American pedigree rose producing flowers of elegant form and substance. Color rich crimson scarlet shaded maroon. A glorious rose.

Hoosier Beauty. Rich crimson-maroon flowers of exquisite form. Beautifully shaped buds. Sweetly scented. A splendid dark sort.

Hugh Dickson. Sturdy growing and very hardy producing large crimson scarlet flowers of fine form in profusion.

H. V. Machin. Splendid garden and exhibition rose bearing very finely formed crimson-scarlet flowers on stout stems. Vigorous upright grower.

Irish Elegance. This beautiful single-flowered rose is very popular on the Pacific Coast. Buds of elegant form of a rich apricot color opening into a pretty single bloom of coppery bronze. A fine decorative rose. Does not require pruning.

Juliet. Outside of petals old gold, interior rich rosy red. Hardy as an oak tree and a strictly everbloomer.

Kaiserin Augusta Victoria. A strong, vigorous grower, producing buds and flowers of enormous size. Color, pure white.

Killarney. The Irish Beauty. Color, an exquisite shade of deep shell pink lightened with silvery pink.

Kitchener of Kartoum. Semi-double lasting flowers of pure dazzling scarlet with velvety sheen. Strong growing of branching habit. Free and continuous bloomer all season. A fine decorative rose.

Lady Ashtown. Pale Rose du Bari shaded to lemon-yellow at base of petals. One of the finest pink roses yet produced.

Lady Hillingdon. Deep apricot yellow, long and pointed but, a fine forcing or garden rose, excellent for cutting. Flowers are of good substance, very lasting and foliage handsome and luxuriant.

Laurent Carl. One of the richest and most brilliant colored roses in our collection. Beautiful shaped buds expanding into large full blooms. Color rich velvety carmine shaded to bright scarlet.

Los Angeles. A beautiful American rose now so well known as to scarcely need a description. Long pointed buds of a luminous flame-pink toned with coral and shaded golden yellow at base of petals.

Madame Butterfly. A sport from the popular Ophelia with all the colors intensified making it a rich harmony of pink, apricot and gold. Beautifully shaped buds. Fine long stems.

Madame Caroline Testout. Large finely formed satiny pink flowers on stout upright canes. The most continuous blooming rose that we have. The hedges of roses about Portland are of this variety.

Madame Cecile Brunner. A beautiful dwarf rose of the Polyantha class, now in great esteem as a cut flower for corsage and table decoration. Small elegant shaped buds in clusters of ten or twelve. Color, a beautiful shade of salmon pink.

Madame Edouard Herriott. Long pointed buds of deep coral color shaded with yellow at base. Opens into a coppery scarlet tinged with orange. One of the most popular sorts of the day.

Miss Lolita Armour. Rich chrome yellow shaded to coppery orange at base of petals. Large flowers on stout stems. Produced by the same hybridizer who gave us Los Angeles.

Mrs. Aaron Ward. Deep golden orange shaded to lemon yellow at edge of petals. Full long lasting flowers freely produced. Rather dwarf growing. Lovely shaped buds.

Mrs. Charles Russell. Flowers very large of globular form. Color bright cerise shaded to scarlet at base of petals. Strong stout canes, almost thornless, with massive bronze green leaves.

Mrs. John Laing. Soft satiny pink with silvery suffusions. Flower full and lasting. Sweetly scented. Strong growing. Hardy anywhere.

Mrs. Wakefield Christy Miller. Delicate pearly blush, shaded salmon, outside of petals vermillion. Large shell-like petals of great substance.

Mrs. Wm. C. Egan. Soft rose pink shaded silvery pink, yellow base. Remarkably free. Finely formed buds and flowers on stout canes. A fine rose.

Ophelia. A grand variety of English origin, remarkable for its strong upright growth with charmingly shaped buds and flowers. Flesh pink shaded to rose with copper yellow at base of petals.

Paul Neyron. Massive bright pink flowers on long stout canes. One of the largest blooms in the family. Perfectly hardy.

Premier. Robust growing with luxuriant foliage and very large deep pink flowers freely produced. Especially beautiful in bud state. A popular cut flower variety.

Prince Camille de Rohan. Dark rich velvety crimson passing to maroon shaded black.

Radiance. A grand American rose producing large globular flowers of a rich cerise-pink color. Entirely distinct from all other roses.

Red Radiance. Of the same general habits as the well known Radiance rose, but with flowers of a rich ruby-red color. Of the easiest possible growth and gives general satisfaction.

Rose Marie. Long pointed buds of a rich even shade of rose-pink opening into a large handsome flower. Remarkably free in bloom. One of the best bedding roses extant.

Sunburst. Magnificent yellow garden rose. Buds long and pointed opening into large full flower. Color rich shade of cadmium yellow shaded with orange and copper.

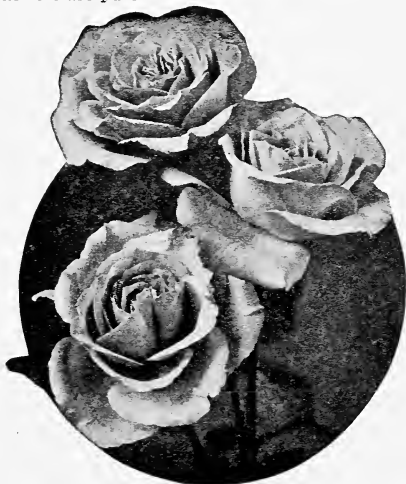

Ulrich Brunner. Extra large bold flowers full and globular; color, rich glowing crimson flamed with scarlet; a good grower and free bloomer.

W. F. Dreer. Soft shell pink, base of petals golden yellow. With the same parentage as the popular Los Angeles this variety is equally as desirable in every way. A superb rose.

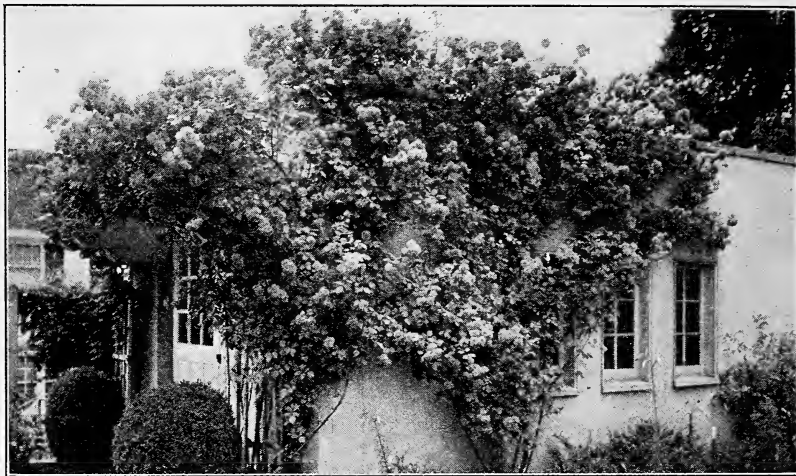

White Killarney. Identical with Killarney except that it is even stronger in growth and the flowers are pure white.

MADAME EDOUARD HERRIOT

LADY ASHTOWN

PAUL'S SCARLET CLIMBER
CLIMBING ROSES

Such a wealth of new varieties of Climbing Roses has appeared of late years that it would seem that there was nothing left to be desired in that particular line. This collection is a representative lot of the finest Climbing Roses to be had. Each is a gem in its way. Plant them liberally about your home and enhance its beauty.

Two-year-old Plants, 75 cents each (except as noted).

American Pillar. Single flowers, 3 inches in diameter hang in clusters along the branches. Color, apple-blossom pink with prominent white center. A rampant climber. Very hardy. 60 cents each.

Climbing American Beauty. Medium sized double flowers of a rich ruby red cover the glossy green foliage. A climbing rose of great value for porch, pillar or fence decoration.

Climbing Cecile Brunner. The flowers are produced in clusters and, like the bush variety, are of exquisite form and color, being a rosy pink. Flowers are delightfully fragrant and are produced so freely as to simply hide the bush.

Climbing General McArthur. Climbing form of the well known red rose of that name.

Climbing Hadley. A climbing variety of this popular red rose is bound to be popular. A strong, rampant climber throwing long canes.

Climbing Hoosier Beauty. Identical with the superb bush variety Hoosier Beauty except that it is a rampant climber. Rich crimson shaded to black.

Climbing Lady Ashtown. Climbing form of the beautiful pink rose of the same name. A splendid pillar rose.

Climbing Los Angeles. Fine climbing form of the popular Los Angeles rose, one of the finest roses of all time. Flame pink flushed with coral and gold. \$1.00 each.

Climbing Madame Caroline Testout. The greatest acquisition to our list of climbing Roses for a number of years. Covered during the season with immense globular flowers of the same beautiful shade of pink as seen in the bush sort.

Climbing Madame Edouard Herriott. Strong rampant climbing form of the beautiful French rose of that name. Coppery scarlet flushed with shrimp and apricot. A striking and beautiful climbing rose. \$1.00 each.

Climbing Sunburst. A climbing sport of that peer of yellow roses, Sunburst—the much-sought new French rose. A true pillar rose of strong growth, bearing freely; very large cadmium yellow flowers beautiful either in bud or open flower. \$1.00 each.

Crimson Rambler. Rapid growing climber bearing a profusion of small double crimson flowers in great clusters in June and July. 60 cents each.

Dorothy Perkins. Probably the most popular of all climbing roses at this time. Rank growing with glossy green foliage and a profusion of crisp small double flowers in great clusters. Perfectly hardy anywhere. 60 cents each.

Dr. Van Fleet. Flowers large with high built center and petals beautifully undulated and cupped. Color the most beautiful shade of shell pink. Elegant shaped buds on long stems clothed with handsome bronze green foliage. A rank climber immune from mildew.

Emily Gray. Golden yellow flowers of most perfect form produced in clusters. The finest yellow Rambler rose yet produced. \$1.00 each.

Madame Gregoire Staechlin. A splendid new climbing rose from Spain that we regard very highly. Rank grower with strikingly beautiful flowers of a rich bright carmine with a dash of maroon at the base of each petal. \$1.50 each.

Marechal Neil. A magnificent deep golden yellow variety; so famous as to need no description. \$1.00 each.

Paul's Scarlet Climber. Great clusters of bright scarlet double flowers produced all along its graceful arching branches. Unquestionably the brightest colored climbing rose yet produced.

Tausendschon (Thousand Beauties). New. Imagine a luxuriant climbing rose literally covered with thousands of bright blossoms, borne in clusters and quite double. Colors of every imaginable shade, from white to deep pink. A hardy vigorous grower with few thorns and handsome foliage.

Silver Moon. A rampant climber, with the same glossy green foliage as is possessed by Dorothy Perkins. Produces clusters of large saucer-like single flowers. Color pure white with prominent yellow anthers which enhance its beauty.

Shower of Gold. A beautiful new Rambler Rose of the Wichuriana type, the best known of which is Dorothy Perkins. Produces masses of golden yellow flowers at the terminals of all its branches. Perfectly hardy everywhere.

BROAD LEAVED EVERGREEN SHRUBS

A class of hardy shrubs and trees which have come much into use of late in fine landscape gardening. Especially useful in "foundation" planting about the home as well as for screens on property lines. The broad shining evergreen leaves which distinguish this class of plants make them most desirable for winter effect as well as being highly ornamental throughout the year.

ABELIA. Grandiflora. An evergreen shrub with graceful branches. Attains a height of four feet. Tubular shaped flowers of a bluish pink color appear in clusters during summer. \$1.00 each.

ACUBA. Japonica Aurea Maculata. Leaves large and leather deep green, finely spotted with golden yellow. \$1.00 each.

SUFFRUTICOSA (Dwarf Boxwood). Extensively used for edging and bordering. 35 cents each; \$3.50 per dozen.

CAMELLIA. Japonica. Choice evergreen shrub bearing double wax-like flowers in shades of pink, red and white. Our stock is mixed colors. No color guaranteed. \$1.00 each.

CHOYSIA. Ternata (Mexican Orange Shrub). Low growing with glossy evergreen foliage. Covered during late spring with clusters of dainty white flowers. \$1.00 each.

COTONEASTER. Francheti. Graceful branches of glossy evergreen foliage, with white flowers in the summer time followed by bright scarlet berries which remain until winter. \$1.00 each.

Horizontalis. A low-growing shrub seldom exceeding one foot in height but with its horizontal branches spreading over a large area in a few years. Small evergreen leaves with pinkish-white flowers followed by scarlet berries. \$1.00 each.

Pannosa. Upright growing variety of graceful habit. Deep green leaves, silvered beneath. Flowers in June followed by orange-scarlet berries. \$1.00 each.

Mycrophila. Dwarf spreading, with small very dark green leaves. Ruby red berries in the fall and winter. The lowest growing sort in the family. Very popular in recent years. \$1.00 each.

DAPHNE. Odorata. Superb evergreen shrub. Bears in early summer wax-like flowers of exquisite fragrance. Strong field grown plants, \$1.00 each.

ERICA. Stricta. Dwarf-growing evergreen with minute leaves on slender branches. Small pink flowers having wonderful lasting qualities. \$1.00 each.

HYBRIDA. Taller growing than the preceding. Producing small pink flowers during the summer months. One of the finest hardy heathers. \$1.00 each.

ESCALLONIA. Macranta Rosea. Dwarf shrub with fleshy dark green leaves. Tubular-shaped pink flowers. \$1.00 each.

ILEX. Aquifolia (English Holly). Beautiful small specimen tree for the lawn. Bright scarlet berries. \$2.00, \$3.00, \$4.00 and \$5.00 each, according to size.

LAURIS. Cerasus (English Laurel). One of the best known evergreen shrubs. 75 cents each. Large plants \$1.50 each.

Lusitanica (Portugal Laurel). Choice evergreen shrub of dense growth. Dark green leaves with red leaf-stems. High class shrub. \$1.00 each.

Tinus. Beautiful evergreen shrub with bright shining green leaves, and covered very early in the spring with large panicles of fragrant white blossoms. \$1.00 each.

LONICERA. Nitida (Evergreen Bush Honey-suckle). Slender erect branches covered with small ovate leathery leaves having a bright gloss on the upper surface. Fragrant creamy white flowers in early summer. \$1.00 each.

MAHONIA. Aquifolia. The holly-leaved Berry or Oregon Grape. \$1.00 each.

PYRACANTHA. Augustifolia. A tall-growing shrub of spreading habit. Branches spiny with narrow grayish green leaves, and small white flowers followed in the fall with rich orange-yellow berries which remain throughout the winter. \$1.00 each.

Coccinea. (Evergreen Fire Thorn). Large thorny evergreen shrub. Masses of crimson berries which remain on the bush all winter. \$1.00 each.

RHODODENDRONS. The finest of all evergreen flowering shrubs so well known as to need no description. We have only large specimen plants to offer this year. Choice named kinds, \$10.00 each.

VERONICAS. Shrubs of compact growth forming well rounded specimens which can be used singly, in groups or in rows with splendid effect. One of the best shrubs to place in front of taller growing species planted against buildings and on property lines.

Buxifolia. (Box-Leaved Veronica). Leaves very small of great substance. Pure white spikes of bloom in great profusion all season. 75 cents each.

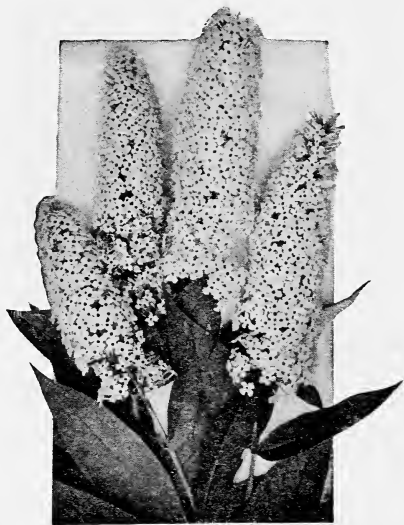

Cupressoides. Scale-like leaves which give it the appearance of Cypress. Lilac-colored flowers in terminal heads during early summer. 75 cents and \$1.00 each.

Thymefolia. A distinct dwarf spreading variety with very small dark green leaves of leathery texture. Spikes of pretty white flowers during the summer months. 75 cents each.

HARDY FLOWERING SHRUBS

A few hardy shrubs are a necessity in the ornamentation of any lawn or garden planted either as single specimens, in groups, or along fences. The time of blossoming of the different sorts extends over the whole season, though the greatest show is in the Spring and early Summer.

At the prices given we send large well-branched bushes from two to five years old, grown in the open ground. As our shrubs are for the most part large and heavy, we usually send them by express or freight; however, small orders can be sent by Parcel Post if purchaser requests it. If to be sent by Parcel Post add 10 per cent for postage.

BUDDLEYA, MAGNIFICA

ALTHEAS

Tall growing shrubs attaining a height of ten feet. Of symmetrical habit of growth and admirably adapted for planting singly on the lawn. Flowers profusely in late Summer and Fall.

Alba Plena—Beautiful double white flowers in great profusion. 75 cents each.

Rosea Plena—Large perfectly double light pink flowers. 75 cents each.

BERBERRIES

Thunbergi—A unique and charming Japanese form that fits a dozen or more needs in landscape gardening. Low dense and neat in habit, with a profusion of white flowers in May. In Autumn it is all aglow with scarlet leaves and berries, and all through Winter the bright fruit clings to its branches. 60 cents each; \$6.00 per dozen.

PALMS AND DECORATIVE PLANTS

The following plants are well known as decorative parlor plants, all being fine specimens when well grown, and of good size. Most of those offered are now of a size which makes them immediately available for parlor or store decoration. All are too large to mail and will therefore have to go by express at expense of purchaser.

ASPIDISTRA Lurida Variegata—Stately decorative house plant of rapid and hardy growth. The leaves spring from the ground to a height of 18 inches or more, each beautifully variegated dark green and white; stands ill treatment better than any other plant we know of. Fine specimens, \$1.00 to \$3.00 each.

COCOS Weddelliana—The most elegant and graceful of all the smaller palms. 50 cents each.

FICUS Elastica—The well known Rubber plant; a stately evergreen tree with very large leathery leaves of grand contour. \$1.00 each, by express; large plants, \$2.00 each.

KENTIA Bermeriana—Bright green foliage, gracefully disposed, a decorative plant for the window, dinner table or conservatory, it has no equal. 50 cents each; larger plants, by express, \$1.00, \$2.00 and \$3.00 each. Specimens \$5.00 to \$10.00 each.

CYPERUS Alternifolius (Umbrella Plant)—Desirable window and house plant producing long graceful leaf-stalks surmounted by a circle of narrow leaves. Easily grown. 25 cents each. Large plants 50 cents each.

ORNAMENTAL FERNS

Realizing the importance of ferns in all indoor decorative effects we are devoting a large area in our greenhouses to the cultivation of the best new and old varieties of this most graceful of all plants

Boston Fern. Grown into large specimens this is one of the finest decorative plants. Long sword-like fronds gracefully arch in every direction. Of the easiest possible culture. More largely grown than any other variety in commerce. Young plants 25 and 35 cents each, postpaid; larger plants by express, 50 cents, 75 cents and \$1.00 each.

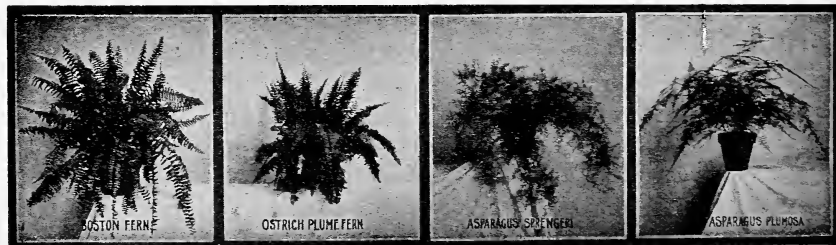

Ostrich Plume Fern (Whitmani). One of the most wonderful and beautiful plant introductions of the present age. This new sort is a sport from the well known Boston Fern, the habit of growth being the same but with the pinnae being divided, as are the fronds. A matured plant has a beautiful feathery appearance, and we think is one of the grandest of decorative house plants. 25 and 35 cents each, postpaid; larger plants by express, 50 cents, 75 cents and \$1.00 each.

Roosevelt Fern. Resembles the Boston Fern but the fronds are longer, more graceful and have a beautiful undulating surface which gives the leaves a pronounced wavy effect seen in no other variety. The long arching fronds produce a wonderfully decorative window plant. 25 cents each; larger plants 75 cents to \$2.00 each.

Teddy Junior Fern. The dwarf form of the Roosevelt fern with the same wavy fronds nicely arching and producing a neat compact plant of great decorative value. A gem among the fern family. This fine variety has been very popular with our city trade the past season. 25 cents each; larger plants 50 cents to \$1.00 each.

Asparagus Sprengeri (Emerald Feather). This is undoubtedly one of the handsomest and most valuable evergreen trailing plants for the house and conservatory ever introduced. Beautiful sprays of lovely green feathery foliage. It makes a charming ornamental plant for the window or conservatory in Winter. 20 and 35 cents each, postpaid; large plants by express, 50 and 75 cents each.

Asparagus Plumosa (Japanese Lace Fern). A finer and more delicate plant than the Sprengeri, but hardy and easily grown. Very satisfactory for window and house culture. An extremely graceful window climber, bright green feathery foliage, as fine as the finest silk or lace. No finer house plant than this. 20 and 35 cents each, postpaid; large plants, by express, 50 and 75 cents each.
